Why are you running for student government?

I am running for student government because I want to make a difference on this campus and really act as a voice for those students who don't seem to have one. I want to believe that each student can be spoken for on campus, and I want to be able to act as that voice—not just for the student body, but also as a representative for my college.

What are you specifically hoping to accomplish in student government to improve the University over the upcoming year?

As senator, I hope to speak up about mental health awareness on this campus and make the CAPS program a more prominent and impactful program on campus. Not only that, but I also wish to speak up inclusivity and unity abroad: essentially, I mean that I want to enact programs that don't divide the domestic and international students, but rather incorporate more events and such to make this divide disappear.

ASUN Student Government Elections
March 9th, 2016 from 8 am to 8 pm
