CONSTITUTIONAL AMENDMENT: Should the President, the Internal Vice President, and the External Vice President be elected as a slate?
Yes 782 No 578

In the 2022 Husker football season, the University of Nebraska-Lincoln opted to not release balloons at home games due to a global helium shortage. Due to the environmental impact of balloons being released, would you support the end of the balloon release at future Husker home football games until replaced with a more sustainable alternative?
Yes 1011 No 497

As of the most recent report on September 30, 2022, the University of Nebraska 52 system has $9,498,158 invested in fossil fuel holding companies which comprises 53 3.02% of its portfolio, and both of these figures have been steadily increasing 54 since the first public investments report in 2020. Due to the environmental 55 impact of fossil fuel use, should the University system halt its investments in 56 these companies?
Yes 1036 No 412
